## COME AND DISCOVER THE WONDERS OF MAGNA GRAECIA

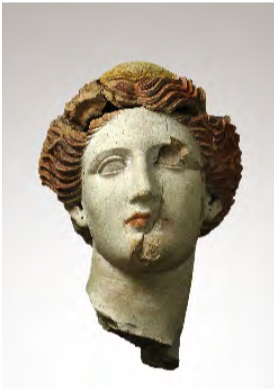

Come visit the vast collections housed in Taranto's National Archaeological Museum to discover the roots of the city of Taranto and delve into the Mediterranean culture that has forged its identity. During your visit to the numerous sections, you will explore the early traces of human presence in the area while the splendour of the Greek

city will enthrall you with its architecture, gold artefacts and the sumptuous funerary objects on display. Review the turbulent stages of the Roman conquest and see how the ancient city centre changed and evolved through its statuary and the floor mosaics that used to adorn private and public buildings. Finally, examine the new urban planning of the Early Middle Ages and the surprising cultural and commercial exchanges that period fostered. Our **Past for Future**: the men and women who lived in this area and shaped its very existence are brought back to life at the **MAR<sub>T</sub>A**. We're not "just" a museum but a place that will captivate you by recounting our community's legacy.
